Juvenile Detention Risk Assessment Instrument (DRAI) 3.0

The purpose of this assessment is to provide greater objectivity, equity and consistency in decision-making for juvenile detention. This also provides objective criteria for assessing public safety risk and community placement options. Use this detention assessment screening for new detainable offenses. Use the Probation Sanctions Matrix for assessment screening of probation violations.

Youth's Name: _____ JJS #: _____ D.O.B.: _____ Date/Time of Screening: _____
